CARE THAT FEELS LIKE HOME

Date: .....

Policy and Procedure: Client Care and Safety

Policy Title: Client Care and Safety

Policy Number: CTFH-001

Effective Date: 09/10/2025
Review Date: 09/10/2026

Purpose:
To establish a standard of care that ensures the safety, dignity, and well-being of all clients receiving services from Care That Feels Like Home.

Scope:
This policy applies to all employees, contractors, and volunteers of Care That Feels Like Home who provide direct care to clients.

Policy Statement:
Care That Feels Like Home is committed to delivering high-quality home care services while ensuring the safety and health of our clients. All personnel will adhere to this policy to foster a safe and supportive environment that respects client dignity and rights.

Procedures:

1. Client Assessment
   - Conduct an initial comprehensive assessment of each client's physical, emotional, and social needs within 24 hours of admission.
   - Reassess clients every 30 days or whenever there is a significant change in their condition or care requirements.
2. Care Plan Development
   - Based on the assessment, develop an individualized care plan that details specific services and interventions required for each client.
   - Involve clients and their families in developing the care plan to ensure it aligns with their needs and preferences.

3. Staff Training
- All caregiving staff must complete training on client safety, infection control, and emergency procedures prior to providing services.
- Ongoing education and training will be provided annually or as new policies and best practices arise.

4. Personal Care and Assistance
- Care staff shall assist clients with activities of daily living (ADLs), including bathing, dressing, grooming, and meal preparation while promoting independence to the highest degree possible.
- Use proper body mechanics and assistive devices when lifting or transferring clients to prevent injury.

5. Safety Protocols
- Conduct regular safety checks in clients' homes, including the removal of potential hazards.
- Ensure that all equipment used in client care (e.g., mobility aids, medical devices) is clean, functional, and safe.

6. Medication Management
- Assist clients with medication management as per their care plan and only as permitted by their physician.
- Maintain accurate records of medications administered, including dosages and times, and report any discrepancies to the healthcare provider.

7. Reporting Incidents and Concerns
- Document and report any incidents, accidents, or changes in a client's condition to the Supervisor immediately.
- Clients and family members must be encouraged to share any concerns regarding care quality or safety.

8. Confidentiality and Respect
- Maintain client confidentiality at all times, in compliance with HIPAA regulations, and treat all clients with respect and dignity.
- Ensure that clients' preferences and cultural backgrounds are incorporated into their care.

9. Emergency Response
- Caregivers must be trained in Basic Life Support (BLS) and understand the protocols for emergency situations.
- Develop an emergency contact list for each client, including local emergency services, family members, and healthcare providers.

10. Quality Assurance
- Conduct regular quality assurance checks and client satisfaction surveys to identify areas for improvement.
- Review this policy annually and update it as necessary to ensure best practices are maintained.

All employees are required to sign below, confirming that they have read and understood this policy and procedure for Client Care and Safety.

Employee Signature: _____
Employee Name: _____
Date: _____

This policy and procedure aims to create a supportive environment prioritizing client care and safety while ensuring compliance with regulatory standards.
